Professional Summary

Senior UI/UX Developer with 15+ years of professional experience designing, developing, and optimizing enterprise-grade Angular web applications. Expert in Angular (8 through 17), PrimeNG component customization, TypeScript, HTML5, CSS3, SCSS, and Figma-to-code pixel-perfect implementation. Proven track record of architecting scalable design systems and reusable component libraries that reduce development effort by up to 40% and improve UI consistency across complex business workflows. Strong expertise in user-centered design, WCAG 2.1 / ARIA accessibility, responsive design, and cross-browser compatibility. Experienced in Azure DevOps CI/CD, MSAL/SSO integration, REST API consumption, and Agile/Scrum delivery. Currently leading UI development of enterprise banking and document management products at Fint Solutions Pvt. Ltd.

Technical Skills:

Front-End Frameworks: Angular 8, 10, 12, 14, 16, 17 (Expert), React 19, AngularJS, Ionic Framework

UI Component Libraries: Angular Material, Kendo UI, Bootstrap 4/5, Material Design

Languages: TypeScript, JavaScript ES6+, HTML5, CSS3, SCSS/SASS, C# (Basic)

Design & UI/UX Tools: Figma, Adobe XD, Photoshop, Sketch - Wireframing, Prototyping, Design Handoff

Design Systems: Component libraries, Design tokens, Atomic design, Modular architecture, Lazy loading, Code splitting

Accessibility & Standards: WCAG 2.1 AA, ARIA attributes, Semantic HTML, Keyboard navigation, Screen reader support

DevOps & Version Control: Git, GitHub, Bitbucket, Azure DevOps (Pipelines, YAML, Repos, Releases), Jenkins, Snyk, GitHub Copilot

Backend Collab.: API Integration with .NET Core / Node.js services, REST API consumption, JSON handling

Architecture & Optimization: Component-Based Architecture, Performance Tuning, Code Reusability, Lazy Loading, Modularization

CMS & Platforms: Strapi, WordPress, SharePoint Embedded (Graph API v1.0)

Testing & Quality: Unit testing, Code reviews, SonarQube, Snyk security scans, Cross-browser testing

Soft Skills: Team leadership, Mentoring, Stakeholder communication, Agile/Scrum, Sprint planning, Documentation

Professional Experience:

Fint Solutions Pvt. Ltd. - Chennai, India

UI Developer | 24th September 2021 - Present

- Led **UI modernization and new application development** using Angular 16, delivering responsive and high-performing UIs for multiple enterprise modules.
- Upgraded legacy Angular 8 application to **Angular 16**, improving rendering speed by **30%** and ensuring zero downtime during migration.
- Designed **reusable and modular components**, reducing duplicate code by **40%** and improving maintainability across projects.
- Enhanced **web accessibility and compliance** by implementing ARIA attributes and WCAG 2.1 standards.
- Configured and maintained **Azure DevOps** and **Jenkins CI/CD pipelines** for automated UI build and deployment across multiple environments.
- Conducted **security and dependency vulnerability scans** with **Snyk**, proactively mitigating risks before production release.

- Collaborated closely with **.NET Core backend**, QA, and UX teams to deliver seamless, consistent, and accessible user experiences.
- **Mentored junior UI developers**, guided them in resolving UI/UX issues, and established best practices for component structure

Technology Stack: Angular 16, TypeScript, HTML5, CSS3, .NET Core APIs, SQL Server, Bootstrap, PrimeNG, Material UI, Kendo UI, Git, Azure DevOps, Jenkins, Snyk, strapi,

Sify Technologies Pvt. Ltd. - Chennai, India

Assistant Manager - Creative | 06th May 2013 - 22nd September 2021

- Spearheaded the design and development of **enterprise-grade Angular applications and mobile web solutions** ensuring performance, scalability, and high user engagement.
- Developed the **Digital Sales Portal** using **Angular 10 + Node.js**, streamlining digital service requests and reducing manual effort by **25%**.
- Designed and delivered **mobile apps** (Sify Bawarchi, Samachar, and Sports) using **Ionic + AngularJS**, achieving **50,000+ downloads** and maintaining 4.5+ user ratings.
- Enhanced **application performance by 45%** through lazy loading, component caching, and optimized bundling techniques.
- Introduced **UI reusability and component-driven design patterns**, accelerating delivery cycles across multiple teams.
- Collaborated closely with **product, backend, and UX teams** to ensure visual consistency, accessibility, and responsive design across browsers and devices.

Technology used: Angular 10, Node.js, MongoDB, HTML5, CSS3, Bootstrap, Ionic, Material Design, Photoshop, Figma, Adobe XD

FHAPL Technologies - Chennai, India

Web Designer | 03rd Dec 2010 - 30th April 2013

- Delivered multiple **responsive, SEO-friendly websites** using **HTML5, CSS3, JavaScript, and jQuery**, ensuring optimal performance across browsers and devices.
- Designed **pixel-perfect UI layouts and smooth animations**, aligning with client branding and visual identity guidelines.
- Customized and maintained **WordPress-based content management systems**, integrating custom themes, plugins, and dynamic content.
- **Technology Stack:** HTML5, CSS3, JavaScript, jQuery, WordPress, Photoshop

Key Achievements

- **Delivered Angular 16** at Fint Solutions (client: BOH), boosting rendering performance by **30 %** with zero downtime.
- **Standardized reusable UI libraries**, cutting duplicate code and speeding delivery by **40 %**.
- **Launched three cross-platform mobile apps** (Sify Bawarchi, Samachar, Sports) with **50 K+ downloads** and 4.5+ ratings.
- **Optimized Sify.com portal load time by 45 %**, significantly improving UX and traffic retention.
- **Championed accessibility (WCAG 2.1/ARIA)** to improve inclusivity and compliance across projects.

Education & Certifications

- **Master of Computer Applications (MCA)** Vel Multi Tech SRS Engineering College, Chennai | *First Class, 74% (August 2005 - June 2008)*
- **Bachelor of Science in Information Technology (B.Sc. IT)** - K.S.R College of Technology, Tiruchengode | *First Class, 69% (April 2005)*
