Professional Summary

- Accomplished **Senior Front-End Developer** with **15+ years of hands-on experience** building **scalable, high-performance, and visually engaging** web applications for global clients.
- Expert in **Angular, React, TypeScript, HTML5, CSS3, JavaScript, and UI/UX design**, with a proven record of creating **responsive, accessible, and cross-browser-compatible** interfaces.
- Demonstrated success in **leading UI modernization projects, migrating legacy systems, and optimizing page performance** to deliver measurable business impact.
- Highly skilled in **component-based architecture, accessibility (WCAG/ARIA), and pixel-perfect design implementation**, ensuring exceptional user experiences across web and mobile platforms.
- Proficient in **Azure DevOps and Jenkins CI/CD pipelines**, enabling smooth deployment automation and team collaboration within Agile environments.
- Passionate about writing **clean, maintainable, and testable front-end code**, collaborating with cross-functional teams, and staying current with **modern JavaScript frameworks and UI trends**.

Technical Skills:

Frontend: Angular (8–16), React, JavaScript, TypeScript, HTML5, CSS3, SASS, Bootstrap, Material UI, PrimeNG, Kendo UI

UI/UX & Design Tools: Figma, Adobe XD, Photoshop, Sketch, Responsive Design, Accessibility (WCAG/ARIA)

Version Control & DevOps: Git, GitHub, Bitbucket, Azure DevOps (Pipelines, Repos, Releases), Jenkins (CI/CD Automation), Snyk (Security Scans)

Backend Collab.: API Integration with .NET Core / Node.js services, REST API consumption, JSON handling

Architecture & Optimization: Component-Based Architecture, Performance Tuning, Code Reusability, Lazy Loading, Modularization

CMS & Web Platforms: Strapi, BOH own dotnet cms, WordPress

Other: Agile/Scrum, UI Performance Optimization, Deployment Automation, Team Collaboration

Professional Experience:

Fint Solutions Pvt. Ltd. — Chennai, India

Senior UI Developer | 24th September 2021 – Present

- Led **front-end modernization and new application development** using Angular 16, delivering responsive and high-performing UIs for multiple enterprise modules.
- Upgraded legacy Angular 8 application to **Angular 16**, improving rendering speed by **30%** and ensuring zero downtime during migration.
- Designed **reusable and modular components**, reducing duplicate code by **40%** and improving maintainability across projects.
- Enhanced **web accessibility and compliance** by implementing ARIA attributes and WCAG 2.1 standards.
- Configured and maintained **Azure DevOps and Jenkins CI/CD pipelines** for automated front-end build and deployment across multiple environments.
- Conducted **security and dependency vulnerability scans** with **Snyk**, proactively mitigating risks before production release.
- Collaborated closely with **.NET Core backend**, QA, and UX teams to deliver seamless, consistent, and accessible user experiences.
- **Mentored junior front-end developers**, guided them in resolving UI/UX issues, and established best practices for component structure

Technology Stack: Angular 16, TypeScript, HTML5, CSS3, .NET Core APIs, SQL Server, Bootstrap, PrimeNG, Material UI, Kendo UI, Git, Azure DevOps, Jenkins, Snyk, strapi,

Sify Technologies Pvt. Ltd. — Chennai, India

Assistant Manager – Creative | 06th May 2013 – 22nd September 2021

- Spearheaded the design and development of **enterprise-grade Angular applications and mobile web solutions** ensuring performance, scalability, and high user engagement.
- Developed the **Digital Sales Portal** (<https://business.sify.com>) using **Angular 10 + Node.js**, streamlining digital service requests and reducing manual effort by **25%**.
- Designed and delivered **mobile apps** (Sify Bawarchi, Samachar, and Sports) using **Ionic + AngularJS**, achieving **50,000+ downloads** and maintaining 4.5+ user ratings.
- Enhanced **application performance by 45%** through lazy loading, component caching, and optimized bundling techniques.
- Introduced **UI reusability and component-driven design patterns**, accelerating delivery cycles across multiple teams.
- Collaborated closely with **product, backend, and UX teams** to ensure visual consistency, accessibility, and responsive design across browsers and devices.

Technology used: Angular 10, Node.js, MongoDB, HTML5, CSS3, Bootstrap, Ionic, Material Design, Photoshop, Figma, Adobe XD

FHAPL Technologies – Chennai, India

Web Designer /Front-End Developer | 03rd Dec 2007 – 30th April 2013

- Delivered multiple **responsive, SEO-friendly websites** using **HTML5, CSS3, JavaScript, and jQuery**, ensuring optimal performance across browsers and devices.
- Designed **pixel-perfect UI layouts and smooth animations**, aligning with client branding and visual identity guidelines.
- Customized and maintained **WordPress-based content management systems**, integrating custom themes, plugins, and dynamic content.
- Improved **page load speed and site performance by 20%** through CSS refactoring and advanced image optimization techniques.
- Collaborated with design teams to ensure **visual consistency and user-focused interfaces**, setting the foundation for a long-term career in modern front-end development.
- **Technology Stack:** HTML5, CSS3, JavaScript, jQuery, WordPress, Photoshop

Key Achievements

- **Led Angular 16** at Fint Solutions(client BOH), boosting rendering performance by **30 %** with zero downtime.
- **Standardized reusable UI libraries**, cutting duplicate code and speeding delivery by **40 %**.
- **Launched three cross-platform mobile apps** (Sify Bawarchi, Samachar, Sports) with **50 K+ downloads** and 4.5+ ratings.
- **Optimized Sify.com portal load time by 45 %**, significantly improving UX and traffic retention.
- **Championed accessibility (WCAG 2.1/ARIA)** to improve inclusivity and compliance across projects.
- **Best Performer Award (2019)** – Sify Technologies for delivery excellence and innovation.

Education & Certifications

- **Master of Computer Applications (MCA)** Vel Multi Tech SRS Engineering College, Chennai | *First Class, 74% (August 2005 - June 2008)*
- **Bachelor of Science in Information Technology (B.Sc. IT)** — K.S.R College of Technology, Tiruchengode | *First Class, 69% (April 2005)*
